I, Haren Babu Myneni, declare as follows:

1.   I am currently employed by International Business Machines Corporation ("IBM") as a Software Engineer in IBM's Linux Technology Center ("LTC"). I have worked for IBM since 1999. Before it was acquired by IBM in 1999, I worked for Sequent Computer Systems, Inc. ("Sequent").

2.   This declaration is submitted in connection with the lawsuit brought by The SCO Group, Inc. ("SCO") against IBM, titled The SCO Group, Inc. v. International Business Machines Corporation, Civil No. 2:03CV-0294 DAK (D. Utah 2003). I make this declaration based upon personal knowledge.

3.   I understand that SCO has alleged in Item 186 of its Final Disclosures that I disclosed "Dynix/ptx event logging techniques" to Linux. I did not work on event logging in Dynix/ptx.

4.   I understand that SCO alleges that I made Linux contributions to the following files:

        fs/jfs/jfs_logmgr.c
        fs/xfs/xfs_log.c
        kernel/printk.c
        fs/ntfs/logfile.c

I have never made any contributions to these files.

5.   All of the contributions that I have made to Linux in the area of event logging were original to IBM. None of them included any Unix System V material. None of them was a modification or derivative work of Unix System V. None of them was based on System V. And

2

none of them was written with reference to System V. All of my Linux contributions were based on my own creativity and general experience.

6. I declare under penalty of perjury that the foregoing is true and correct.
